2. Claims 29-49 are allowed.

#### *Continued Examination Under 37 CFR 1.114*

3. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 4.22.2008 has been entered.
4. The following is an examiner's statement of reasons for allowance: Applicant provides persuasive arguments for why the cited prior art references do not disclose the claimed invention. Specifically, the cited prior art does not disclose an image communication apparatus having two categories of telephone numbers and a corresponding network address. Nor do the prior art disclose a device that provides the network address back to the calling image communication apparatus but instead teach converting the numbers to a network address. Additionally, no other references could be found during an updated search of the prior art that to teach these and other claimed features. Therefore, it is believed that

Art Unit: 2152

Applicant's claims are now in condition for allowance as they patentably distinguish over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

#### *Conclusion*

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
